Declaration

I, Rasim Ibadov, confirm that I have written this assignment independently, without any direct copying or paraphrasing from other students' work. I have acknowledged everyone I consulted during my research. I confirm that the AI Assistance Declaration on the following page is complete.

I am aware that any form of plagiarism is a violation of academic integrity. If it is determined that I have engaged in academic dishonesty, I accept and understand that the university's standard measures for plagiarism will be applied.

By submitting this assignment, I affirm my commitment to academic honesty and integrity.

AI Assistance Declaration

I hereby declare the following LLM-based tools used in completing this assignment:

1. Github CoPilot gave me autocompletion suggestions, which were less helpful in solving exercises.
